MAKE SOMEONE HAPPY...

Alberta Wagaman (Lloyd's Mrs.) collects Lincoln objects. Got something you don't need - send it to her...Got an unlisted, send a "rubbing" to Bob Callander, P.O. Box 71, Nappanee, Ind. 46550. This way you'll be helping the history of elongates...Communicate. Write to a member of M.E.C. and send an elongated duplicate. Betc'ha get one back in return mail. Try it and see...When trading always mention M.E.C.

ABOUT OUR MEMBERS...

Youngest M.E.C. member is Ian J. Levy, son of Burton & Lynne Levy. Upon birth Jack Stuckart signed Ian up. Ian will be one year old on January 26th!...Henry Blaha gave a lecture to a coin club in Skokie, Ill. last month, told them all about the making of elongates...Rudolph Skaritka tells us there are a couple of elongaters who would be "picked up" should they enter New York. They didn't get official permission to create their roll-outs...One M.E.C. member believes there are many many thousands of valuable elongates in the U.S. that are momentos of fairs in their "catch all junk boxes and with their coin collections", and they refuse to part with them. Once these collectors pass away the heirs will probably sell them...Bob Luchtman's "Photo Elongated" is causing quite a stir! It's the topic of conversation among collectors. They're all trying to figure out how it was done. Look for more of the same with improvements. Perhaps in colors?...Dottie Dow was born in Cicero, Ill. She lived in Florida at one time, and was in the Service.

A QUESTION BOX ???

In the last issue of the MEC NEWSLETTER, the regular feature titled "QUESTION BOX" had four questions that I hoped would be answered in this issue. As of this date only one question was answered. I'm sure that among our members there are a few who do know these answers but for some apparent reason they do not care to divulge the information. I will make an attempt to answer these questions, and if I am wrong, I hope someone with more knowledge can correct the answers. - Rudolph Skaritka

Q - #1. Who was the roller of the "Montreal Expo '67", with the initials BX?

A - J. Hanna Brown & Xnos

Q - #2. How many different elongateds have been produced since 1893?

A - Five thousand.

Q - #3. Can a U.S. gold coin, any date be used as an elongated coin?

A - The U.S. Treasury would frown upon this and might confiscate the coin.

Q - #4. Can any foreign coins be used for an elongated?

A - Most of the countries in the world do not want their coins to be used in this way. Countries associated with Great Britain forbid it.

Here's a question from Jack "The Mailman" Wilcox.

Q - How many present day Rollers are using old "antique" rolling machines?

AN OPEN LETTER TO
MIDWEST ELONGATED COLLECTORS

... I would like to inform MEC that I am no longer working on the book, "The Modern Elongated". I feel that after over 40 months and 70% of the manuscript completed, I just could not continue to tolerate the long delays in inquiries and lack of full support from some of the major rollers. -- Having devoted thousands of hours in preparation for the work and at the sacrifice of having less friends in elongateds than when I first began, in what I felt to be a very important project, I have decided that my efforts in an encyclopedic work in elongateds be abandoned. There were far more less interested in support of the work and for the few interested subscribers, it was not worth it.

Yours truly,

A.A. Rosato

NEW United States Bicentennial IRISH COFFEE CUP SERIES

P. O. BOX 173

• CHAUVIN, LOUISIANA 70344

Announcing...

Collectors Series of UNITED STATES BICENTENNIAL IRISH COFFEE CUPS

Dear Friend:

To celebrate the coming of the United States Bicentennial in 1976, we are issuing a most unusual collectors series of six different, historically designed IRISH COFFEE CUPS... each to be released annually, the first cup in 1971, and continued yearly until the year 1976 our bicentennial year. The six cups would be a complete set, each with a different commemorative design depicted on each cup, illustrating great events in consecutive continuity from our country's past.

Eventually this set of Bicentennial Irish Coffee Cups will be coveted 'collectors' items' and would make a valuable keepsake to pass on to heirs, or given as a gift. Made from fireproof china and each stands 6" high. Each cup will be priced at \$5.50 which would include prepaid transportation charges. The cups for the years 1971 and 1972 are available already. The 1971 Cup depicts a commemorative design entitled 'Betsy Ross'. The 1972 Cup is entitled 'The Star Spangled Banner'. All designs are copyrighted.

May I suggest that you complete and post the subscription order form quickly together with your remittance for the first two cups?

"BUT IT'S ELONGATED"
BURTON NEAL LEVY

I recently came across an elongated coin which the average collector may think was a great buy at the five dollar price it was offered, but it really wasn't. The coin I'm referring to is an 1891 elongated nickel elongated by a rolling machine with blank rollers. (In other words no engraving appeared on the coin.)

What significance does this particular coin have elongatedly? In my personal opinion none! A lot of collectors assume an elongated coin was rolled in the same year as the coinage used, but this is not necessarily true. In this case a roller selected this denomination from 1891 and rolled it for a lark.

So who would want this coin in this condition? Perhaps an individual who wants a conversation piece. Although for the price he paid he'd surely have to do a lot of conversing. If one would need the 1891 nickel for his regular coin collection it would be a lot cheaper being circular.

There lies an 1891 elongated nickel in a showcase. Someday - perhaps even now, an unfortunate uneducated individual in this field is buying it. I hope the roller who rolled it will cease his escapade of confusing the inexperienced and in some cases the experienced collector.

Has anyone come across any similar experiences?

GOODBY 1972 GOODBY

With the year drawing to a close, we feel that the year has passed much too fast. Looking back thru the months we see many joys and many sorrows. Take our issues E-33-34-35-36, THE SEALS OF THE PRESIDENT, VICE PRESIDENT, TREASURY AND THE GREAT SEAL OF THE U.S. Yes, it was a sorrowful day when we received the letter from the counsel to the president to inform us that we could not sell these four elongateds. We were in hopes that they would fall under the classification for historical value, but according to Mr. John W. Dean III, counsel to the president, quote "Executive order 11649 does not provide for the usage of the seals in the manner you desire". "I regret that we cannot be of assistance to you in this matter". "We trust, of course, that you will take all steps necessary to be in compliance with the terms of the executive order". Therefore, with regrets, we took them off our list, and destroyed the dies.

On the happier side, we were most pleased with all of the issues we came out with in the year 1972. We are especially proud of our Christmas issues. My favorite - "Joy's of Christmas", takes me back to my childhood and I am sure everyone can find some part of it that will bring back years gone by. We would like to wish everyone a HAPPY THANKSGIVING, A MERRY CHRISTMAS AND A HAPPY NEW YEAR.
